C. ELIGIBILITY OF ORGANISATION		
C1	What was the total annual income in your organisation in the last financial accounting period?	<ol style="list-style-type: none"> 1. This is the Total Income as given on your latest annual financial accounts. 2. We do not give grants to organisations with a Total Income over £500,000. 3. Please note that if your anticipated total income or expenditure over the forthcoming year is significantly over £500,000, we are not likely to make a grant as Trusthouse's ethos is to support small to medium-sized charitable organisations. 4. Individual project incomes should not be given - it is the organisation's whole annual income we want to see. 5. Give your answer in pounds only, do not include pence.
C2	What were the unrestricted reserves of your organisation in the last financial accounting period?	<p>This is your organisation's Unrestricted, Free or General Reserves as given on your most recent annual accounts.</p> <p>A charity's reserves is the accumulation of its surpluses and deficits over its life. There are two broad categories of charity reserves: restricted and unrestricted reserves.</p>
C3	What is the Index of Multiple Deprivation (IMD) score of the local area where your organisation is based or will carry out its work?	<p>Each country of the UK has a separate Index of Multiple Deprivation (IMD), which ranks deprivation by postcode. You must check the IMD website to find out if your organisation's postcode, or the areas where it works, is in the most deprived 15% for urban areas and 50% for rural areas.</p> <p>Further detail on how to find your IMD Score, with weblinks, is on the Trusthouse website under "Our Grants --> FAQs". https://www.trusthousecharitablefoundation.org.uk/our-grants/frequently-asked-questions</p> <p>If the postcode of your organisation's office is not within the most deprived 15% of the Index of Multiple Deprivation for</p>

		<p>urban areas or 50% for rural areas, but the areas where you work are, you can include in your answer to this question a representative postcode for the areas where your activities are carried out.</p> <p>If necessary, you may also include multiple postcodes in Question D2 to describe the community. Postcodes can be for schools, GP surgeries, post offices or other public buildings but must not be of private dwellings.</p>
C4	Tick to confirm you have a safeguarding policy which is given to all trustees, staff, volunteers and clients	<p>If you do not have a policy, we are unlikely to make a grant to you.</p> <p>We do not require you at this stage to provide a copy of the policy though we may ask you to send it at a later stage of your application.</p>
C5	When was the last training/refresher session on safeguarding conducted with staff/volunteers?	<p>If you have not reviewed your safeguarding policy and/or held training or refresher sessions within the past 12 months of the date of your application, we regret that your application will be considered ineligible and will be rejected.</p> <p>Your answer to this question demonstrates that you regularly review and update your policy, in line with the circumstances of your organisation, its work and the needs of your clients, staff and volunteers.</p> <p>Enter the date by day, month and year.</p>
D. PROJECT DETAILS		
D1	<p>What does your organisation do?</p> <p>(450 words)</p>	<p>You should describe in straightforward terms what your organisation's aims are and what services or activities you provide to achieve these aims.</p> <p>The Major Grants programme currently focus on organisations that support vulnerable families.</p> <p>Please see our Funding Guidelines for the complete list of Family Support activities we support.</p> <p>Please avoid simply cutting and pasting your 'charitable objects' as they are written in your founding document.</p>
D2	Please tell us about the community or local areas where your organisation works.	If you are supplying additional representative postcodes, put them here. These must be for public buildings and not individual residences of your service users.

	(450 words)	<p>Trusthouse supports organisations providing Family Support to communities in deprived rural or urban areas. It is important to describe the community where your organisation is based and/or how your organisation's activities address local challenges in deprived communities.</p> <p>Tell us in your own words about the people and the place where you work:</p> <ul style="list-style-type: none"> • Are the residents a tight knit community or are there tensions between different groups? Are the people interested in helping each other and their community? Or is there a loss of hope and a lack of aspiration? • The look of the area: is it high rise flats or Victorian terraces; is it poorly maintained; is it scenic but isolated? Is it rural or urban? • What sort of work is available locally? Are people likely to have qualifications? • Do the local schools inspire and encourage an interest in learning? Are there social, educational and leisure activities for all ages? <p>Advice Your own thoughts on the local community tell us much more than numbers. Avoid using statistics or excerpts from reports by statutory authorities. Some of the most powerful descriptions we've received have been the views of local people about their community. Think of asking your service users how they would describe the area.</p>
D3	<p>Please describe the impact of your work.</p> <p>(450 words)</p>	<p>In this section, please provide evidence that your work is successful and what impact it has a) on the families and individuals who directly participate in your services/activities and b) the local community.</p> <p>We are looking for solid evidence of impact so we will not usually find general claims such as "people say they feel a lot better after attending our counselling sessions" helpful.</p> <p>We would like to see instead something like "using our feedback forms, 87% of clients confirmed that their mood had improved significantly, and 20 clients have been able to return to employment or take up volunteering opportunities."</p> <p>This section also shows us that you keep track of whether or not you are succeeding in your aims. The measurable outcomes you provide in your answer should relate to the past year.</p>
D4	<p>Please provide a case study of a family or individual you have recently helped.</p> <p>(450 words)</p>	<p>A case study of a family or individual you have recently helped can be very helpful in demonstrating the impact your work has and can add a real sense of the people who you help.</p> <p>We appreciate that not all organisations can share case histories and it is therefore not a requirement to give this. If you are able to do so, please change any names or give the case anonymously.</p>

		<p>For data protection purposes, please note your application including the case history, will be held on a secure server.</p> <p>It will be shared with Trusthouse trustees and staff and possibly with other trusts and foundations who ask us for our opinion on your work. It is not given to anyone else.</p>
D5	How many individuals have used your services in the past 12 months?	<p>Number only. No commas or decimals.</p> <p>Please tell us how many individuals participated in the activities/services in the past 12 months.</p> <p>You cannot enter a range, only a single number. If you do not have a precise number of clients, we suggest you enter an average. So, if you know the number of users was between, say, 450-500, then enter 475.</p>
D6	How many individuals will benefit from this work or service over the next 12 months?	<p>This is the number of people who will actually take part in the project, not people who benefit indirectly such as family members or audience numbers.</p>
D7	<p>Please describe the work, salary or project the grant will pay for?</p> <p>(450 words)</p>	<p>We need to know exactly what you are applying for a grant to fund and what our funding would be spent on. Please describe this in written text format - a project budget with financial costs should be uploaded in the "Supporting Documents" section.</p> <p>Your project should relate to providing Family Support services, such as:</p> <ul style="list-style-type: none"> • Early intervention • Families coping with addiction • Prisoners' families <p>If you are seeking running costs and especially salary costs, we would need to know the importance of these roles in delivering your services.</p> <p><i>More tips on completing the Your Project description section:</i></p> <p>Make sure there are enough practical details for us to understand how you will deliver the project e.g.</p>

		<ul style="list-style-type: none"> • <i>The parenting course will run twice a week, for two hours, over 10 weeks. There will be 6-8 people for each session.</i> • <i>The family support group will be delivered every Tuesday morning, with a trained facilitator leading the group with the help of two volunteers.</i> <p>Don't just put 'running costs': you need to describe fully what costs particularly you are seeking.</p>
D8	<p>If this is a new project, service or employee role, how and why have you decided it is needed? (If this is not a new project, go to the next question.)</p> <p>(450 words)</p>	<p>We need to know that you have researched the need for your project, through your own knowledge of your area, with current and potential users, and any statutory agencies which could contribute to the success of the project. You may have used surveys and questionnaires, feedback forms or the results of outreach work. We also need to be confident that your organisation has the skills to successfully deliver the project.</p> <p>You do not need to answer this question if you are requesting funding for an existing project or post.</p>
D9	<p>What is the total cost of this work, salary or project?</p>	<p>The total cost is for the full amount of the work for which you are applying for a grant. For example, if you are applying for a salary, then the total cost is for the whole of that salary and must not include other salaries or running costs. On the other hand, if you are applying for a general grant towards all running and salary costs, then the total cost would be for all the costs involved (but please remember, you cannot then ask for a grant to be towards a specific part of these costs, nor can a grant be used to pay for more than 50% of any of the single items that make up this whole amount).</p> <p>Enter the total cost for all the years for which you are applying (max 3 years). For example, if you are seeking funding towards a salary of £25,000 a year, then the amount you would enter is £75,000.</p> <p>The total cost should be the cash cost of the project, and <u>not</u> include volunteer time or goods in kind.</p> <p>Enter the amount in pounds; do not include pence.</p> <p>Do not include £ sign or commas.</p>

<p>D10</p>	<p>What is the total grant amount you are requesting?</p> <p>(The amount cannot be for more than 50% of the above total cost of work)</p>	<p>The minimum grant you can request is £10,000. You can apply for either:</p> <p><i>Single year grants:</i></p> <p>From £10,000 to a max of £50,000 for one year for core costs, salaries, running and project costs.</p> <p><i>Multi-year grants:</i></p> <p>From £10,000 up to a maximum of £100,000 over 3-years for core costs, salaries, running or project costs. No more than £50k can be applied for in any given year over a 3-year period.</p> <p>Applications for amounts outside these figures will be rejected.</p> <p>You cannot apply for a grant larger than 50% of the total cost of the project/work. Examples:</p> <ul style="list-style-type: none"> - if your total running costs per annum are £40,000, and you want a single year grant towards these costs, you may only request a grant of up to £20,000 - if you are applying for a three-year grant towards a salary which is £20,000 a year, the maximum grant you could request is £30,000 i.e. £10,000 per year <ul style="list-style-type: none"> • If we make a grant to you, it may not be for the full amount you request: it depends on the funds we have available and our Trustees evaluation of your work. • Enter an amount in pounds only, not pence. • Do not include £ sign or commas.
